

Spenco RX® Arthritis Foot Cradles

Cat. No. 44-644 - Men's

Cat. No. 44-651 - Women's

Target Consumer:

Consumers with Arthritis who require additional support and cushioning.

Recommended For:

Even distribution of weight to help relieve foot pressure on sensitive areas. Patients should see their doctors and foot care professionals on a regular basis.

Best For Use In:

Casual and extra depth shoes (or boots).

Components*:

EVA, Spenco® Material, PE Foam
Thickness at Heel: 9.58mm (3/8in),
Thickness at Forefoot: 7.30mm (9/32in)

Instructions:

Arthritis is a serious illness and can have significant effects on your feet and ankles. See your healthcare professional at least once a year for a full foot screening and immediately if there's a significant change in your feet.

Features & Benefits:

- 1 **Lightweight EVA Base** is body heat activated to mold over time for the precise level of support for the unique shape of your foot.
- 2 **Air Injected Spenco® Material** exclusive cushioning layer provides lasting cushioning, reduced friction and extra comfort.
- 3 **8 Sizes** provide correct arch placement for better overall fit, comfort and performance.
- 4 **PE Foam** provides excellent memory impression and impact absorption to help evenly distribute pressure relieving sensitive areas of the foot.

Six Month Unconditional Guarantee
